ARTICLE I - RECOGNITION

A. Recognition

The Richmond Heights Board of Education (hereinafter referred to as the Board) hereby recognizes the Richmond Heights Education Association (hereinafter referred to as the RHEA) affiliated with the Ohio Education Association and National Education Association as the exclusive representative for the bargaining unit, which shall consist of all certificated professional personnel, including classroom teachers and guidance counselors, including all regular full-time and regular part-time noncertified employees; but excluding the Superintendent, Treasurer, school principals, supervisory positions of Building, Maintenance & Grounds Supervisor; Cafeteria Manager; Transportation Supervisor; Night Custodial Supervisor; and other managerial and supervisory employees as defined by O.R.C. 4117.01(C), and further excluding Secretary to the Superintendent; Account Clerk; Payroll Clerk; seasonal and casual employees; Board Office personnel or supervisory personnel which may be added in the future. The rights and privileges of the RHEA as set forth in this document shall continue until the expiration of this agreement.

Employees shall be considered part of the bargaining unit after sixty (60) workdays and shall be afforded all bargaining unit rights only in the fiscal year in which the sixty (60) days are achieved. No bargaining unit provisions shall be implied to successive years, unless it is officially known by the Superintendent that the position will continue to be vacant for a period to exceed sixty (60) workdays. When a position continues beyond the fiscal school year, the employee shall be a bargaining unit member only until the regular employee returns or sixty (60) workdays have been achieved in any other position.

B. Challenge to Recognition

Any challenge to the exclusive recognition of the RHEA must be in accordance with O.R.C. Chapter 4117.

C. Definitions

The terms listed below, when used in this Agreement, shall be defined as follows:

1. Employee

A member of the bargaining unit defined above.

2. Day

A calendar day.

3. Workday

For purposes of computation of time, any day Monday through Friday when central administration offices are open for regular business.

4. Immediate Supervisor

The Supervisor, Principal or person in a comparable administrative or supervisory position responsible directly for the supervision and direction of an employee and to whom the employee is directly responsible. An immediate supervisor shall not be a person who is a member of the bargaining unit represented by RHEA.

5. Superintendent

The Superintendent of the Richmond Heights Local School District or his/her designated representative.

6. RHEA

The Richmond Heights Education Association.

7. Board

The Board of Education of the Richmond Heights Local School District.

8. District:

The Richmond Heights Local School District.

9. Seniority

The longest uninterrupted service as an employee, beginning with the first day worked in a bargaining unit position. Seniority shall not be deemed to be interrupted by any leave approved and granted pursuant to this Agreement or Board Policy, by any layoff, nor by disability retirement. Further, seniority shall continue to accrue during any such leave, layoff, or disability retirement.

a. Seniority shall not be deemed to be interrupted for an employee who leaves the bargaining unit, but remains an employee of the District, and returns within one year. An employee who leaves the bargaining unit, but returns after one year, shall retain earned seniority to the date he/she left the bargaining unit.

b. Service rendered beyond the regular work year or beyond the regular workday will not be counted toward seniority.

- c. Seniority for employees who render service during the workday for fewer hours than the ordinary and normal maximum number of hours for such job assignment or classification shall be determined as follows: The total number of hours worked during the regular work year shall be divided by the maximum number of hours worked ordinarily and normally in such job assignment or classification, then divided by the number of days in the ordinary and normal work year for the job assignment or classification.
- d. If the seniority of two or more employees is equal, the additional criteria for determining seniority, in the following order, shall be:
 - 1. The earliest date of Board action on the most recent continuous employment of the employees.
 - 2. The longest total service in any employment position(s) with the Board.
 - 3. By coin toss or, if more than two (2) employees, by drawing lots.

ARTICLE II – NEGOTIATIONS PROCEDURES

A. Statement of Principles

- 1. The Board and the RHEA state that the purpose of the procedures established in this document is to promote harmonious and cooperative relationships between the Board and members of the bargaining unit and to protect the welfare of the Richmond Heights school children by assuring orderly and uninterrupted operation of the public school system. For, and in aid of that purpose, the principles stated in succeeding sections of this Article shall govern the interpretation and application of the remaining provisions of this document and the procedures set forth therein.
- 2. The Board and RHEA each recognize their mutual obligation to negotiate in good faith as provided in Article II., A., 3. and no changes shall be made in any negotiated agreements or salary schedules except through the negotiations process.
- 3. Good Faith involves coming to the negotiations table with the intention of negotiating, not of dogmatically pursuing preconceived stands. Good Faith requires that the Board and/or the Administration and the RHEA be willing to react to each other's proposal in the same fashion as the proposals are submitted by either party. If a proposal is unacceptable to one party, that party is obligated to give its reasons. Good Faith requires parties to recognize negotiations as a shared process. The obligation of the Board and/or the Administration and the

RHEA to meet for purposes of professional negotiations does not compel either party to agree to a proposal or require the making of a concession.

4. The terms of this document, the procedures established therein, and the “good faith” provision in Article II., A., 3. hereof, shall not prevent, and shall not be construed to prevent, the Board from performing its obligation within such time and in such manner as may be required by law, nor from making such determinations and taking such actions preliminary thereto as may be required to insure timely compliance with the requirements of law.
5. Representatives of the Board and the RHEA shall participate in negotiations freely without fear of penalty, sanction, reprisal, or recrimination. No penalty or sanction, or threat nor implication thereof, shall attach to negotiation participation nor to failure to reach agreement in the course of negotiations; provided, however, this Article II. A., 5. shall not be construed so as to authorize, condone, excuse or protect any conduct which is in violation of the laws of the State of Ohio by either party.

B. Initiation of Negotiations

A written request for negotiation may be submitted by RHEA to the Superintendent or by the Superintendent to the President of RHEA no later than ninety (90) days before the date of expiration of this Agreement. The parties shall meet within ten (10) days of such request, unless the parties agree mutually to meet at a later date. At the first meeting, both parties shall submit written proposals. After the exchange of proposals, no new items may be presented for negotiation unless by mutual agreement.

C. Subjects of Negotiation

Subjects of negotiation between Board and RHEA representatives shall include all matters pertaining to wages, hours, or terms and other conditions of employment and the continuation, modification, or deletion of an existing provision of this Agreement.

D. Negotiation Meetings

Negotiation meetings shall be closed to the press and the public.

E. Representation

Representation at all negotiation meetings shall be limited to seven (7) representatives of the RHEA and five (5) representatives of the Board. Neither party shall have any control over the selection of the negotiation representatives of the other party.

F. Agreement

1. As tentative agreement is reached on items which are the subject of negotiation, the agreement shall be reduced to writing and signed by the designated representatives of each party, but such signatures shall not be construed as final agreement between the representatives until all items have been resolved.
2. Final agreement reached through negotiation shall be reduced to writing and submitted to RHEA members for approval. Upon approval by the RHEA members, the agreement shall be submitted to the Board for approval. The RHEA shall provide the Board with a letter indicating approval of the agreement by its membership; the Board shall provide the RHEA with a copy of the resolution indicating approval of the agreement by the Board.
3. Cost of printing copies of the Agreement shall be shared equally by the Board and the RHEA and a copy shall be furnished to each employee.

G. Disagreement

If agreement is not reached within forty-five (45) calendar days after the first negotiating session then either party may request that the matter be submitted to the Federal Mediation and Conciliation Service. Federal Mediation and Conciliation Service shall attempt to mediate a settlement. By mutual agreement, the parties may request the assistance of a Federal mediator if impasse is reached prior to the expiration of the 45-day negotiating period. This process of mediation constitutes the parties' mutually agreed upon dispute resolution procedure under Revised Code Section 4117.14(C).

H. Labor Management Committee

1. By October 2015, the Labor Management Committee will be trained by the Federal Mediation and Conciliation Service. Such committee shall be comprised of Board representatives and RHEA representatives. The committee shall follow the guidelines as set by the "*Labor Management Committee Guidelines*" (Appendix I).
2. The Labor Management Committee shall conduct its work either by means of paid release time (use determined by the LMC) or compensation at the hourly rate equal to .0008 of the Year 0 step of the BA column of the Certified Employee Salary Schedule found at Appendix H of this Agreement for work beyond the normal work day or work year. At the close of each school year, the LMC shall submit a report of its activities structure and plans to the Board and to RHEA for evaluation.

I. In-term Bargaining

1. Neither party shall have the duty to bargain on any matter during the term of this Agreement unless such duty is specifically set forth herein or required by law.
2. If, during the term of this Agreement, the parties mutually agree to reopen any provision of this Agreement, or if in-term bargaining is required under Ohio Revised Code Section 4117.08 or by reason of a determination resulting from expedited arbitration as provided herein, the parties shall meet and bargain in good faith at a mutually convenient time commencing within ten (10) workdays of a request by either party or within ten (10) days of a determination resulting from expedited arbitration as provided herein.
3. Mediation with the assistance of FMCS of unresolved permissive issues shall be undertaken by the parties at the request of either party, however, the Board need not retain the status quo during this process. Bargaining of permissive issues under this provision shall not thereby constitute such issue to be a mandatory subject of bargaining. Should the expedited arbitration process determine that the issue constitutes a mandatory subject of bargaining, or should the parties stipulate that the issue constitutes a mandatory subject of bargaining, and if agreement is not reached within forty-five (45) days of the commencement of negotiations and including a period of thirty (30) days of assistance by FMCS, if the Board determines to change the status quo either during or at the close of that process, then the RHEA has the option to declare the expiration of the entire agreement and to take such steps as are available to the RHEA under Revised Code Section 4117.14(D)(2).
4. Should a dispute arise over whether bargaining is required or mandatory under law, such dispute shall be submitted to final and binding expedited arbitration under applicable rules of the American Arbitration Association. The parties shall expedite such proceeding for hearing at the earliest feasible time. Notwithstanding the foregoing, a party may seek court intervention to prevent delay based upon sufficient proof that the issue is a mandatory subject of bargaining and that neither expedited arbitration nor any other available remedy will be adequate. The losing party shall pay the costs of the arbitrator or court costs.

J. Progress Reports

Periodic written progress reports may be issued by the parties to their membership and to the public during negotiation.

ARTICLE III – BOARD RIGHTS

- A. The Board of Education reserves and shall exercise at all times its exclusive right, authority, and responsibility to manage and direct, on behalf of the public, all the operations and activities of the District to the full extent authorized by law and not in conflict with ORC 4117. The exercise of these powers, rights, authority, duties, and responsibilities by the Board and the adoptions of such policies, regulations, rules, practices, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement.
- B. Superintendent’s Academic Initiatives

The Superintendent may require a uniform academic program and instruction format throughout the District. When such a program is established by the Superintendent, such as AVID (Advancement Via Individual Determination) methodology, professional development supports for the program will be offered by the District at no cost to the certificated employees. The District will ensure everyone receives a full presentation of AVID, focusing on members’ time; requirements of the members; a full understanding of why AVID and not another program was chosen.

ARTICLE IV – GREIVANCE PROCEDURE

- A. Definitions

1. Grievance:

A grievance is a complaint involving the alleged violation, misinterpretation or misapplication of the terms of this Agreement.

2. Grievant

The grievant is the employee or employees making the complaint or the RHEA.

- B. Procedure

- Step 1: Informal Discussion

A grievant who believes that the basis exists for a grievance shall discuss the grievance with his/her immediate supervisor informally within twenty (20) workdays of the incident giving rise to the grievance.

- Step 2: Immediate Supervisor

If the grievance is not resolved through Step 1, the RHEA may submit the grievance in writing by presenting a completed grievance form as found in Appendix A, to the

Immediate Supervisor within twenty (20) workdays after the event or condition giving rise to the grievance. A written decision is to be rendered by the Immediate Supervisor within five (5) workdays of presentation of the grievance form.

Step 3: Superintendent

If the grievance is not resolved at Step 2, the RHEA may submit the grievance form to the Superintendent or his/her designee within five (5) workdays after failure of resolution at Step 2. The Superintendent or his/her designee will render a written decision within five (5) workdays of presentation of the grievance form.

Step 4: Arbitration

If the grievance is not satisfactorily resolved at Step 3, RHEA may, not later than twenty (20) workdays after receipt of the written decision under Step 3, refer the grievance to arbitration by giving written notice to the Superintendent of its intent to do so. RHEA shall then request the American Arbitration Association to administer the proceedings under the Voluntary Labor Arbitration Rules of that Association. AAA will provide the parties with a list of nine (9) arbitrators. Selection of an arbitrator will be by alternate strike. Either party, at their own expense, may request a second list. The second list is the final list and an arbitrator must be selected from that list. The decision of the arbitrator shall be final and binding upon the parties.

The arbitrator's authority is limited to the misinterpretation, misapplication and/or violation of the agreed upon definition of a grievance as provided herein and the arbitrator shall have no authority to add to, subtract from or modify the terms of this Agreement.

The cost of arbitration shall be borne equally between the Board and the RHEA.

C. Stipulations

1. Any grievance not answered within the time limit shall automatically proceed to the next step of the grievance procedure.
2. A grievance may be withdrawn by RHEA at any level without prejudice. That particular grievance will not be refiled; however, grievances similar in nature shall be afforded all rights of the grievance procedure.
3. The fact that an employee files a grievance shall not be recorded in his/her personnel file or in any file used in the transfer, assignment, or promotion process, nor shall such fact be used in any recommendation for re-employment or recommendation for other employment; nor shall the aggrieved, RHEA, or its officers be placed in jeopardy or be the subject of reprisal or discrimination for having followed the grievance procedure.

4. The grievant shall never be required to meet with an administrator at any stage of the grievance procedure without the presence of a representative of the RHEA or its affiliates.
5. The parties agree that grievance proceedings shall be kept as informal and confidential as may be appropriate at that level of the procedure. Further, it is agreed that the investigating and processing of any grievance shall be conducted in such ways as not to cause interruption or interference with established work schedules and duties.
6. The Board, Administration, and RHEA will cooperate with each other in the investigation of any grievance.
7. The time limitations set forth herein for the submission and processing of a grievance shall be deemed to be of the essence. The failure to submit a grievance or process a grievance within the time specified shall be deemed a waiver of the grievance. The grievance shall not proceed beyond the level of said waiver. However, the time limits may be extended in writing by mutual agreement.
8. If a grievance arises from a decision made above the level of immediate supervisor, the grievance may be presented initially at Step 3. However, the twenty (20) workday-time limit for initial presentation, as specified at Step 3, shall apply. The Superintendent or his/her designee shall render a written decision within ten (10) workdays of the presentation of the grievance.
9. Attendance at Grievance Meetings

An employee whose presence is required at any grievance meeting described in this Article shall be made available for such time as needed at the grievance meeting without loss of pay or leave. Whenever illness or other incapacity of either party or its representatives prevents attendance at a grievance meeting, the time limit shall be extended to such time that such person(s) can be present.

ARTICLE V – ASSOCIATION AND EMPLOYEE RIGHTS

A. Use of School Facilities and Equipment

The RHEA is guaranteed the right to hold meetings in school facilities and to use school mailboxes for distribution of Association materials. A courtesy copy of distributions to the general membership shall be provided to the building principal. The Superintendent shall be notified of all RHEA general meetings held on school premises as much in advance as possible. RHEA shall be allowed use of school equipment at all reasonable times when such items are not otherwise in school use in accordance with Board policy.

B. Duly Authorized Representatives

Duly authorized representatives of the RHEA and its respective affiliates shall be permitted to transact official business on school property at all reasonable times and after checking in with the principal and stating the reason for the visit, provided that such activity does not disrupt normal school operations. Teachers shall not be disturbed while they are conducting a class.

C. RHEA Release Time

1. In order to administer this agreement and to facilitate the processing of grievances, the RHEA president, grievance chairperson, and/or building representative will be permitted to leave their building following the dismissal of students. However, this should not interfere with the fulfillment of their professional responsibilities for individual assistance to students or parent conferences. The immediate supervisor shall be notified whenever an employee is going to another school building prior to the conclusion of the contractual workday.
2. Eight (8) days per year shall be granted to elected or designated representatives of RHEA for the purpose of attendance at meetings or participation in the business of professional organizations affiliated with RHEA without cost to the RHEA. The RHEA President shall notify the Superintendent of the days and persons elected or designated as soon as possible but no later than three (3) days before the leave days, except by mutual agreement. Further, the RHEA President may request up to the equivalent of four (4) days of release time, to be used in increments of one-fourth (1/4) day or more, by the President or his/her designee. A request to the Superintendent for such leave shall be made as far in advance as is practicable and shall not be denied on an arbitrary, capricious, or discriminatory basis.

D. Notification of Board Meetings, Agendas, Minutes

The RHEA shall be notified of all Board meetings as much in advance as possible. The RHEA shall receive a copy of the agenda for each Board meeting, along with any public record attachment to the agenda, and the RHEA will receive a copy of the Board minutes of each meeting when available.

E. Leaving the Building

A certificated employee may leave the building during the school day, provided that the temporary absence of the employee does not occur during assigned pupil contact time. Additionally, such absence shall not interfere with the certificated employee's professional responsibilities for individual assistance to students or parent-teacher conferences, and the certificated employee shall be required to notify the immediate supervisor, or in his/her absence, his/her designee, prior to leaving the building.

F. Names of New and Retiring Employees

Upon written request of the RHEA, the Superintendent will provide the names and addresses of all new and retiring employees. Information will be furnished within a reasonable period of time. Retiring employees who request that their retirement be kept confidential shall have their request honored to the extent allowed by law.

G. Telephone Access

Telephones shall be provided during the school days from which a teacher may make a private telephone call. A telephone shall be available in each building for after school use in a designated area to which all teachers have access. It is understood that telephones are to be used primarily for school-related business purposes and that no charges for personal calls shall be made at the District's expense.

H. Dues Deductions/Fair Share Fee

1. RHEA Payroll Deductions

Payroll deduction of annual fees, fair share fees, assessments and contributions shall be provided to RHEA by the Board without cost in accordance with the following procedure.

a. Authorization/Deduction Schedule

Upon written assignment authorization of the employee on forms provided by RHEA, the Board shall make the authorized annual deduction in equal prorated amounts from two (2) paychecks of the employee each month beginning with the second paycheck received after the start of each school year or with the next paycheck received after such authorization, whichever is later, and continuing through the paycheck received for the last payroll period ending in May of each year.

b. Continuing Deduction

Such authorization shall continue in effect from year to year unless revoked by the employee between July 1 and July 15 and of any year on a form provided by RHEA. A copy of such revocation shall be provided simultaneously both to the Board and to RHEA.

c. Remittance of Deductions

The deductions shall be remitted to RHEA on each pay date. The remittance, at RHEA's option, may be deposited directly to a designated

financial institution or made available for pickup at the Board office by designated RHEA representatives.

d. Remittance Report

The deduction remittance shall be accompanied by a report showing the employee's name, Social Security number (unless the employee does not consent), amount of deduction, and the grand total of all deductions made in that pay period. Upon mutual written agreement of RHEA and the Board Treasurer, the report may be transmitted to RHEA electronically.

e. Notice of Change in Amount

RHEA shall give written notice to the Board Treasurer of any change in the amount of deduction at least ten (10) workdays before such change is to be effective.

f. Inapplicability

The authorization and revocation forms described in this Article shall be inapplicable for employees paying the fair share fee.

2. Fair Share Fee

Any employee who is not a RHEA member shall pay to RHEA a fair share fee as a condition of employment and in an amount equal to, but not to exceed, annual total affiliated dues paid by members of RHEA.

a. Effective Dates

This provision shall be effective on the beginning date of employment for employees. The actual effective date of payroll deduction of the fair share fee shall be provided in written notice to the Board Treasurer by RHEA.

b. Method of Payment

The Board shall deduct the fair share fee from the paychecks of an employee who is not a member of RHEA. The deduction shall be in accordance with the procedures specified in Section A. of this Article. The deduction shall commence in accordance with the effective date of this provision unless the Board Treasurer receives written notice from RHEA that such employee has elected another method of payment. If the employee defaults in such other method of payment, the Board shall commence payroll deduction of the appropriate amount immediately upon written notice of such default to the Board Treasurer by RHEA.

c. Indemnification of Board

RHEA shall indemnify and hold harmless the Board, its members, and its agents (Board) from and against any claim or liability that may arise out of, or by reason of, any action taken by the Board for the purpose of complying with this “Fair Share Fee” provision. RHEA shall also pay any judgment or settlement achieved in such cases. RHEA shall provide the attorney to represent the Board and RHEA in such action; provided that the Board approves the attorney and that such approval will not be unreasonably withheld; provided that the Board gives RHEA written notice within ten (10) days of the Board receiving written notice of any claim made or action filed against the Board by a non-member for which the indemnification is claimed; provided:

1. The Board agrees to (a) give full and complete cooperation and assistance to RHEA and its counsel at all levels of the proceeding, (b) permit RHEA or its affiliated organizations to intervene as a party if it so desires, and/or (c) to not oppose RHEA or its affiliated organizations’ application to file briefs amicus curiae in the action;
2. The action brought against the Board must be a direct consequence of the Board’s good faith compliance with the fair share fee contract provision provided, however, that there shall be no indemnification of the Board if the Board intentionally or willfully fails to apply (except due to a court order) or misapplies the fair share fee contract provision.

I. Bulletin Boards

RHEA shall be allowed to post notices and other information regarding RHEA activities and concerns at each work site in the same locations as employee mailboxes and in employee lounges.

J. Bargaining Unit Roster

RHEA shall be provided a current bargaining unit roster at least twice annually on or before September 15 and on or before March 1. Such roster shall include the following information about each employee, listed alphabetically by the member’s name: home address, and job assignment.

K. Officer Leave

Upon request of RHEA, an employee elected to a state or national office of an affiliated professional organization may be granted a one (1) year unpaid leave of absence to serve in such office.

ARTICLE VI – ABSENCES AND LEAVES

- A. Employees must report all absences to the district sub-caller or his/her supervisor prior to the start of their work time, or as soon thereafter as possible. If an employee fails to report his/her absence, the employee will be considered absent without leave until a reasonable explanation is subsequently provided.
- B. All absences must be reported accurately by the employee on the District's Employee Leave Certification Form (Appendix C).

C. Personal Leave

Pay for personal leave of absence due to situations of a personal nature shall be allowed to a maximum of three (3) days per year. Declaration of need for paid personal leave of absence shall be made at least three (3) days prior to the day for which leave is requested unless the Superintendent grants an exception to the three day notification requirement or in the event of an emergency situation which would preclude the possibility of timely application. - L. Standards-Based Teacher Evaluation Program 2014-2016

The Board of Education is responsible for a standards-based teacher evaluation policy which conforms to the framework for evaluation of teachers as approved by the State Board of Education and aligns with the “Standards for the Teaching Profession” as set forth in State law.

The Board adopts the Ohio Teacher Evaluation System (“OTES”) model as approved by the State Board of Education.

The evaluation policy is intended to provide an evaluation model that is research-based, transparent, fair, and adaptable to the needs of the District. The Board believes in the importance of ongoing assessment and meaningful feedback as a powerful vehicle to support improved teaching performance and student growth, as well as promotion and retention decisions for teachers.

This policy shall be implemented as set forth herein and included in the collective bargaining agreement with the Richmond Heights Education Association.

This policy has been developed in consultation with teacher employed by the Board.

Given the dynamic nature of the mandated teacher evaluation process, the Board authorizes the Superintendent to establish and maintain an ongoing Evaluation Policy Consultation committee, with continuing participation by District teachers represented by

the Richmond Heights Education Association and for the express purpose of recommending necessary changes to the Board for the appropriate revision of this policy.

1. Definitions

- a. **OTES** – stands for the Ohio Teacher Evaluation System as adopted by the Ohio State Board of Education in 2011, or as otherwise modified by the State Board of Education.

The Superintendent, Treasurer, and any “other administrator” as defined by O.R.C. Section 3319.02 are not subject to evaluation under this policy.

2. Standards-Based Teacher Evaluation

Teacher evaluations will utilize multiple factors, with the intent of providing meaningful feedback to each teacher and assigning an effectiveness rating based in equal part upon teacher performance and student growth.

Each teacher evaluation will result in an effectiveness rating of:

- a. Accomplished;
- b. Skilled;

- c. Developing;
- d. Ineffective.

The specific standards and criteria for distinguishing between these ratings/levels of performance shall be the same as those developed by the State Board of Education, which are incorporated herein by reference.

The Superintendent shall annually cause to be filed a report to the Ohio Department of Education of the number of teachers for whom an evaluation was conducted as well as the number of teachers assigned each rating as set forth above, aggregated by teacher preparation programs from which and the years in which the teachers graduated.

Fifty percent (50%) of each evaluation will be based upon teacher performance and fifty percent (50%) on multiple measures of student growth as set forth herein.

3. Assessment of Teacher Performance

Teacher performance will be evaluated during formal observations and periodic informal observations also known as “classroom walkthroughs.” These assessments will be based upon the following Ohio Standards for the Teaching Profession:

- (1) Understanding student learning and development and respecting the diversity of the students they teach;
- (2) Understanding the content area for which they have instructional responsibility;
- (3) Understanding and using varied assessments to inform instruction, evaluate and ensure student learning;
- (4) Planning and delivering effective instruction that advances individual student learning;
- (5) Creating learning environments that promote high levels of learning and student achievement;
- (6) Collaborating and communicating with students, parents, other educators, District administrators and the community to support student learning; and
- (7) Assuming responsibility for professional growth, performance and involvement.

a. Formal Observation and Classroom Walkthrough Sequence

Pre-conferences will begin no later than five (5) working days before each Observation. Observation date will be determined during the pre-conference. .

All instructors who meet the definition of “teacher” under O.R.C. Section 3319.111 and this policy shall be evaluated based on at least one formal observation and periodic walkthroughs and a summative rating each school year (unless covered in the below contingencies):

- (1) Teachers on a limited contract who are under consideration for renewal shall receive at least two formal observations in addition to periodic classroom walkthroughs and a summative rating.
- (2) Teachers on a limited contract who are under consideration for non-renewal shall receive at least three formal observations in addition to periodic walkthroughs and a summative rating.
- (3) Teachers receiving a rating of accomplished may be evaluated every three years as long as the teacher’s student academic growth measure for the most recent school year for which data is available is average or higher. This will result in staggering of teacher evaluation years.
- (4) Teachers receiving a rating of skilled may be evaluated every two years as long as the teacher’s student academic growth measure for the most recent school year for which data is available is average or higher. This will result in staggering of teacher evaluation years.
- (5) In any year in which a teacher who has not been formally evaluated as a result of having previously received a rating of accomplished or skilled, a credentialed evaluator shall conduct at least one observation of the teacher and at least one conference with the teacher. This also applies to teachers who received an accomplished rating in 2013-2014.
- (6) Teachers who have been on leave for 50 percent of the school year or have submitted notice of retirement before December 1st of the school year do not have to be evaluated.

Evaluations will be completed by May 1st and each teacher will be provided a written report of the results of his/her evaluation by May 10th. Written notice of non-renewal will be provided by June 1st.

In evaluating teacher performance in these areas, the Board shall utilize the measures set forth in the Ohio Department of Education's OTES "Teacher Performance Evaluation Rubric" for instructional planning, instruction, and assessment, and professionalism.

b. Formal Observation Procedure

- (1) A minimum of one (1) observation shall be conducted to support each performance evaluation.
- (2) The observation shall be preceded by a conference between the evaluator and employee prior to the observation in order for the employee to explain plans and objectives for the classroom situation to be observed.
- (3) A post-observation conference shall be held after each formal observation. The post-observation conference shall be held within seven (7) school days of the observation.
- (4) Absence by either will stay the days until the party returns.

c. Informal Observation/Classroom Walkthrough Procedure

- (1) Classroom walkthroughs shall not unreasonably disrupt and/or interrupt the learning environment.
- (2) Walkthrough observations will be five to fifteen minutes in duration.
- (3) Data gathered from the walkthrough will be entered into ETPES.
- (4) A final debriefing and completed form must be shared with the employee within five (5) school days.
- (5) Absence by either will stay the days until the party returns.

4. Assessment of Student Growth

In determining student growth measures, the Board adopts the Ohio Department of Education's Ohio Teacher Evaluation System (OTES), which calculates student growth by assessing achievement for an individual student occurring

between two points in time. It is important to note that a student who has forty-five (45) or more unexcused absences for the school year will not be included in the determination of student academic growth.

In general, the Board will utilize the following categories to determine this aspect of a teacher's evaluation, depending upon the instructor involved:

- A1: Teachers instructing in value-added subjects exclusively (50% VA).
- A2: Teachers instructing in value-added courses, but not exclusively (20% VA; 30% LEA).
- B: Teachers instructing in areas with Ohio Department of Education approved vendor Assessments with teacher level data available (20% VA; 30% LEA).
- C: Teachers instructing in areas where no teacher-level value-added or approved vendor Assessments available (50% SLOs).

Where value-added methodologies exist for A1 and A2 teachers, the Board will utilize them in the evaluation process.

An SLO must be based upon the following criteria: Baseline and Trend Data, Student Population, Interval of Instruction, Standards and Content, Assessment(s), Growth Targets, and Rationale for Growth Targets. When new SLOs are developed or revised, the process will include review before the SLO Committee.

Data from these approved measures of student growth will be scored in accordance with the Ohio Department of Education/OTES.

5. Final Evaluation Procedures

Each teacher's performance rating will be combined with the assessment of student growth measure to produce the summative evaluation rating.

The evaluator shall provide that each summative evaluation is submitted to the teacher for his/her acknowledgment via e-mail prior to May 10th.

6. Professional Growth Plans and Professional Improvement Plans

Based upon the results of the annual teacher evaluation:

- a. Teachers whose student growth rating indicates above expected levels of student growth may develop a professional growth plan

and they may choose their credentialed evaluator from those available to the Board for that purpose.

- b. Teachers whose student growth rating indicates expected levels of student growth will develop a professional growth plan collaboratively with his/her credentialed evaluator and will have input on his/her evaluator for the next evaluation cycle.
- c. Teachers whose student growth rating indicates below expected levels of student growth will develop a professional improvement plan with their credentialed evaluator. The administration will assign the evaluator for the subsequent evaluation cycle and approve the professional improvement plan.

7. Board Professional Development Plan

In accordance with the Ohio State Board of Education's statewide evaluation framework, the Board has adopted a specific plan for the allocation of financial resources to support the professional development of teachers covered by this policy. The plan will be reviewed annually.

8. Retention and Promotion Decisions/Removal of Poorly Performing Teachers

It is the purpose of this Standards-Based Teacher Evaluation Policy to improve the quality of instruction, enhance student learning and strengthen professional competence through meaningful feedback and targeted professional development. In addition, the evaluations produced will serve to inform the Board on employment decisions, i.e., retention, promotion of teachers, renewal of teaching contracts, and the removal/non-renewal of poorly performing teachers.

The removal of poorly performing teachers shall be in accordance with the Ohio Revised Code and any applicable provisions of the Collective Bargaining Agreement.

Nothing in this policy will be deemed to prevent the Board from exercising its rights to non-renew, terminate, or suspend a teaching contract as provided by law and the terms of the Collective Bargaining Agreement in effect between it and the Richmond Heights Education Association. The evaluation system and procedures set forth in this policy shall not create an expectation of continued employment for teachers on a limited contract that are evaluated under this policy. The Board reserves the right to non-renew a teacher evaluated under this policy in accordance with O.R.C. Section 3319.11 notwithstanding the teacher's summative rating.

a. Comparable is defined as:

- (1) 2015-2016:/Accomplished/Skilled and Developing/Ineffective/
- (2) 2016-2017:/Accomplished/Skilled and Developing/Ineffective/

Section 2: Classified Evaluation

- A. Employees shall be evaluated annually by their Immediate Supervisor. Employees shall be evaluated each year during their first four (4) years of employment, thereafter the employee shall be evaluated once every two (2) years unless annual evaluations are deemed appropriate for individual employees. The employee will be notified no less than twenty-four (24) hours in advance of the evaluation conference. An employee may be evaluated in an off-cycle year in the event of deficiencies in the performance are noted.
- B. No evaluation shall be made based upon hearsay statements but only upon direct observation or knowledge of the evaluator.
- C. The administration shall discuss the evaluation with the employee. The employee shall sign the evaluation and shall be given a copy of such evaluation and its reply if one accompanies.
- D. Any negative evaluation shall include recommendations for improvements and provisions for assisting the employee in implementing any recommendations made. The employee shall have the right to respond in writing to any derogatory evaluation and said written response shall be and remain attached to the evaluation and made part of the employee's personnel file.
- E. The signature of the employee on the evaluation will not signify agreement or disagreement; only that the employee discussed the evaluation. Every employee has the duty to sign the evaluation.

- G. Non-renewal of classified employees shall be in accordance with 3319.082 ORC.

A vacancy(ies) shall be considered to occur whenever an employee dies, resigns, retires, is terminated, is non-renewed, or whenever a new bargaining unit position is created, or when an employee takes a leave of absence which the Superintendent is aware will exceed twenty (20) days based on available information.

2. Posting

Whenever a vacancy in any regular or supplemental position occurs during the school year, the Superintendent shall post written notice(s) of said vacancy on the bulletin boards provided for RHEA. No vacancy shall be filled, except in the case of emergency and on a temporary basis, until such vacancy shall have been posted for at least five (5) days. If any vacancy shall occur during the summer months, a list of such vacancies shall be posted by U.S. mail, with paychecks when possible, to all employees qualified for the position.

3. Administrative Positions

Administrative vacancies (excluding the Superintendent) will be posted on bulletin boards in employee lounges in the district during the school year. Employees who are interested in being considered for the position shall submit their applications to the Superintendent within five (5) days of the posting notice. Employees who are interested in being considered for administrative vacancies that occur during the summer shall notify the Superintendent in writing of the positions desired prior to the last day of the school year.

4. Filling Vacancies

In the event that the qualifications, as set forth in the notice provided herein, are equal among applicants, length of service shall be the determining factor.

C. ADA – Reasonable Accommodation Modifications

The superintendent may initiate an involuntary transfer in order to provide a reasonable accommodation under the Americans with Disabilities Act. Before making the involuntary transfer, volunteers will be solicited by a posting. If an involuntary transfer must be made, seniority in the system shall be given preference. If all other factors are equal, the employee having the least seniority will be transferred first.

D. Reduction in Force

Modifications as required by law.

1. Reasons

Reasons for implementing reduction in force shall include:

- a. Decreased enrollment of pupils.
- b. Return to duty of regular employee after leave of absence.
- c. Suspension of schools or territorial changes affecting the District.
- d. Loss of state and/or federal funds dedicated to a program resulting in loss of such position.
- e. Changes in curriculum

Such notice shall be provided no later than ten (10) workdays before the Board meeting at which the Superintendent will recommend a reduction in force. RHEA shall be allowed to address the Board before action may occur on the Superintendent's recommendation of a reduction in force.

3. Attrition

The number of employees affected by a reduction in force will be kept to a minimum by not employing replacements for employees who retire or resign whenever possible, or whose contracts are not renewed on the basis of performance.

4. Notice to Employee

Any employee to be laid off shall be notified of the layoff in writing by the Superintendent no later than sixty (60) workdays before such layoff may become effective. Such notice may not occur before the Board has approved the Superintendent's recommendation for a reduction in force.

5. Layoff

The employee having the longest seniority in a job classification or license area (teaching field) shall be the last to be laid off. Whenever it becomes necessary to lay off a classified employee(s) in a classification(s), such employee(s) may bump a less senior classified employee in a lower pay classification provided the classified employee(s) has the skills and qualifications needed by the District. A seniority list in accordance with Article I, Section C. 9. of this Agreement shall be provided to the RHEA and a copy posted periodically at each work location.

The Board and the Association agree the teachers' seniority extends to all areas of certification and licensure.

- b. Notice of recall shall be sent via certified mail, return receipt requested, to the last recorded address of the employee. Unless such notice of recall is issued prior to the effective date of the layoff, such employee shall notify the Superintendent within ten (10) days of receipt of the notice of recall of his/her intention to accept or reject re-employment. A laid-off employee accepting such re-employment may not be required to begin work earlier than ten (10) days from the date of such acceptance. Neither acceptance nor rejection of an offer of employment in a lesser position than the employee held at the time of layoff shall operate to remove the employee from the reduction in force list.
- c. The right of recall shall be forfeited by the employee should he or she (1) waive his or her recall rights in writing, (2) fail to accept recall as provided herein, or (3) fail to report for work for a position which he or she has accepted within ten (10) days after acceptance, unless prevented from doing so because of illness, injury or other extenuating circumstances prevent the employee from reporting to work. He/she shall promptly notify the Board of the reasons for the delay in reporting to work and the date when he/she will report to work. No contract shall be issued until the employee reports to work. If any of the above conditions (1) to (3) occur, the offer of employment shall be withdrawn by the Board.
- d. The period of recall shall continue for three (3) years from the date of layoff.

7. Transfers When RIF Exists

Notwithstanding the provisions of Article VII regarding transfer, a qualified employee on the reduction in force list shall be offered re-employment to a vacant position before an active senior employee may be transferred to such position if the transfer would deny re-employment to the employee on the reduction in force list.

8. Fringe Benefits During Layoff

The Board shall notify the employee of his/her COBRA rights at the time of a layoff, under which the Board shall continue to provide, at the employee's expense, all employee insurance programs to the employee on layoff status for eighteen (18) months from the date the layoff becomes effective.

9. Substituting During Layoff

An employee on layoff status shall be given preference by seniority to substitute for an absent employee on a day-to-day basis, but such substitute service or the refusal thereof shall not be construed by the Board to seek ineligibility for unemployment compensation for such employee.

10. Unemployment Compensation

The Board shall take no action to cause the denial of unemployment compensation to the employee without justification.

11. Continuing Contract Precedence

The parties shall meet within ten (10) days for the purpose of renegotiating only the provision(s) held to be contrary to law.

APPENDIX D

GUIDELINES FOR DONATING SICK LEAVE

Employees of the Richmond Heights School District are granted a specified number of sick leave days each year, and unused days accumulate without limit. The District and RHEA are cooperating with employees who wish to “donate” days from their accumulated totals to other employees who are in need of sick leave for a serious illness and who will/have exhausted their own sick leave time. The District and RHEA joint Health Care Committee will assess this program as it progresses. Donated sick days used by a recipient represent an additional cost to the District. Each day used costs the District 100% of the user’s daily rate, funds which would not have been expended if the sick day had remained in the donor’s accumulated total. For this reason, and for the protection of both the donor and recipient, the District will regulate these transactions, in cooperation with the Health Care Committee. The following guidelines will govern the practice of donating sick days.

1. Sick days can only be donated for a serious illness or injury, as determined by the Health Care Committee.
2. The request to donate sick days will be made only on the official form as attached to these guidelines and must be reviewed by the employee’s Supervisor. Any employee may donate to any other employee.
3. For all occurrences of six (6) consecutive work days or more, recipients of donated sick days must file a medical/sick leave form or a letter from their physician describing their condition and prognosis to their Supervisor. This information shall be segregated from the employee’s general personnel file and will not be subject to disclosure pursuant to a public records request.
4. Completed requests to donate sick days will be submitted to the Treasurer’s Office, which will check for availability of sick days before processing.
5. An employee may receive an annual total of no more than thirty (30) donated sick days.
6. The total of an employee’s sick day donations to all recipients may not exceed five (5) days per year with the following limitation: Only employees with an accumulated sick leave balance of fifteen (15) or more days may donate more than one day per year, and must after the donated days are subtracted, maintain a balance of at least fifteen (15) sick days.
7. The donation of sick days is irrevocable. Any donated days which are not used by the recipient will remain credited to the recipient’s accumulated sick day total and will not be returned to the donor by the District.
8. Unused donated sick days will not count toward the severance pay of the recipient. The total of all donated sick days, whether used or not, will be subtracted from the recipient’s sick leave balance at retirement.

9. Donations to either classified or certificated recipients are permitted, regardless of the classification of donor.
10. The donation of sick leave days by one employee to another is a charitable act to be undertaken at the sole discretion of the donor. No employee has a right to expect to receive donated days, and no undue pressure on employees to donate sick days to another employee will be allowed. Solicitations of sick days must be undertaken by a third party, not by the intended recipient.
11. The sick day donation process is a discretionary service; any employee's refusal to donate will not be subject to formal grievances.

ALCOHOL AND CONTROLLED SUBSTANCES TESTING POLICY FOR EMPLOYEES WITH COMMERCIAL DRIVERS' LICENSE.

Section 1. Introduction

1.1 Covered Employees

Each employee or applicant for employment with the Richmond Heights Local School District (“District”) who is required to hold a Commercial Driver’s License (CDL) in order to perform his/her job (hereafter “covered employee”) must undergo alcohol and controlled substances testing in accordance with the guidelines set forth in this Policy. All covered employees are subject to the penalties set forth in this Policy.

Section 2. Definitions

2.1 Alcohol

Alcohol means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol including methyl and isopropyl alcohol.

2.2 Alcohol Concentration

Alcohol concentration (or content) means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test.

2.3 Alcohol Use

Alcohol use means the consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.

2.4 Medical Review Officer

Medical Review Officer means a licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by the District’s drug testing program who has knowledge of substance abuse disorders and his appropriate medical training to interpret and evaluate an individual’s confirmed positive test result together with his or her medical history and any other relevant biomedical information.

2.5 On-Duty Time

On-Duty time means all time from the time a covered employee begins to work or is required to be in readiness to work until the time he or she is relieved from work and all responsibility for performing work. On-duty time shall include:

- a. All time at a plant, terminal, facility, or other property, or on any public property, waiting to be dispatched, unless the covered employee has been relieved from duty;
- b. All time inspecting vehicle safety equipment or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time;
- c. All time spent at the driving controls of a commercial motor vehicle in operation;
- d. All time, other than driving time, in or upon any commercial motor vehicle;
- e. All time loading or unloading a vehicle, supervising or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or giving or receiving receipts for shipments loaded or unloaded;
- f. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

2.6 Performing a Safety-Sensitive Function

A covered employee is considered to be performing a safety-sensitive function during any period in which he or she is actually performing, ready to perform, or immediately available to perform any safety-sensitive function.

2.7 Refusal to Submit

Refusal to submit (to an alcohol or controlled substances test) means that a covered employee: (1) fails to provide adequate breath for alcohol testing without a valid medical explanation; (2) fails to provide adequate urine for controlled substance testing without a valid medical explanation; (3) engages in conduct that obstructs or delays the testing process; (4) fails to remain available after an accident for post-accident testing; or (5) fails to complete and sign Step 2 of the alcohol testing form.

2.8 Safety-Sensitive Function

Safety-sensitive function means any of those on-duty functions set forth in the definition of On-Duty Time set forth in Section 2.5 of this Policy.

2.9 Substance Abuse Professional

Substance Abuse Professional means a licensed physical (Medical Doctor or Doctor of Osteopathy), or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and controlled substance related disorders.

Section 3. Alcohol Testing

3.1 Prohibited Activities

No operator shall:

- a. Report for or remain on duty requiring the performance of a safety-sensitive function while having a blood/alcohol concentration of 0.02 or greater;
- b. Be on duty or operate a commercial motor vehicle while possessing alcohol;
- c. Use alcohol while performing a safety-sensitive function;
- d. Perform a safety-sensitive function within four hours after using alcohol;
- e. Use alcohol for eight hours following an accident after which this policy required a post-accident alcohol test; or
- f. Refuse to submit to an alcohol test required by this policy.

3.2 Required Tests

a) Post-Accident Testing

A covered employee who is involved in an accident involving a commercial motor vehicle while on-duty must undergo a post-accident alcohol test if: 1) the employee was performing a safety-sensitive function with respect to the vehicle and the accident involved in the loss of human life; or 2) the employee receives a citation under state or local law for a moving traffic violation arising out of the accident.

The test will be administered as soon as practicable following the accident, normally within two hours of the accident. However, an employee may be tested up to eight hours after the accident.

A covered employee who is subject to post-accident testing must remain available for such testing or he/she will be deemed to have refused to submit to testing. However, an employee who leaves the accident scene to obtain assistance or necessary medical treatment for the employee or others involved in the accident is excused from testing until such time as is reasonably necessary to obtain such assistance or treatment.

The results of a post-accident breath or blood test for the use of alcohol conducted by a federal, state, or local office having independent authority to conduct such test may be used by the District in place of its own test as long as the test conforms to applicable federal, state, or local requirements and the test results are obtained by the District.

The District will provide each covered employee with necessary post-accident information, procedures, and instructions prior to the first time the employee performs a safety-sensitive function.

b) Random Testing

Covered employees will be subject to random, unannounced alcohol testing scheduled throughout each year. Covered employees will only be tested while, immediately before, or immediately after, performing a safety-sensitive function. Employees must proceed to the designated test site immediately upon notification of selection. Each covered employee will have an equal chance of being tested each time selections are made.

c) Reasonable Suspicion Testing

The District will test a covered employee for alcohol misuse when it has reasonable suspicion to believe the employee has violated any of the prohibitions outlined in Section 3.1 of this Policy (with the exception of 3.1b)). A determination that reasonable suspicion exists to require an alcohol test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee. The observations must be made by a supervisor or District official who has received at least sixty (60) minutes of training on alcohol misuse and an additional sixty (60) minutes on controlled substance use. The person making the determination is prohibited from conducting the reasonable suspicion test on that employee. Reasonable suspicion testing is authorized only if the required observations are made during, just preceding or just after the period of the work day when the covered employee is performing a safety-sensitive function. An employee may be directed to undergo reasonable suspicion testing only during, just before, or just after the performance of a safety-sensitive function. Employees must proceed to the test site immediately upon request. The test may not be administered more than eight hours following the reasonable suspicion determination.

Regardless of whether or not a reasonable suspicion test is administered, no covered employee shall be allowed to report for or remain on duty requiring the performance of a safety-sensitive function while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse, until: 1) an alcohol test is administered and the employee's alcohol concentration is less than 0.02; or 2) twenty-four (24) hours have passed since the reasonable suspicion determination is made.

Section 4. Administration of the Alcohol Test

4.1 Testing Devices and Personnel

Employee alcohol testing will be conducted through the use of an evidential breath testing device (EBT). The test will be administered by a breath alcohol technician (BAT) who has been properly trained in the use of an EBT.

4.2 Screening and Confirmation Tests

The initial test given to an employee is the screening test. If the screening test result is less than 0.02, no further testing will be done. If the result of the screening test is 0.02 or greater, the employee must undergo a second test, the confirmation test. The confirmation test may not be conducted sooner than fifteen (15) minutes after the completion of the screening test. The confirmation test will normally be conducted within thirty (30) minutes after the completion of the screening test, but a confirmation test result is valid even if conducted after thirty (30) minutes. In the event the screening and confirmation tests do not agree, the confirmation test result will be controlling.

Section 5. Consequences of Alcohol Misuse

5.1 Employees Testing at 0.04 or Greater or Violating Section 3.1 Provisions

Covered employees tested under the provisions of this Policy who are found to have an alcohol concentration of 0.04 or greater or who engage in any of the activities prohibited by Section 3.1 (b)-(f) of this Policy will be terminated from employment with the District.

5.2 Employees Testing at 0.02 or greater but less than 0.04

Employees tested under this policy who are found to have a BAC of 0.02 or greater but less than 0.04 will be immediately relieved from performing any safety-sensitive function or other duty. An employee may not return to duty until the following has occurred:

- a. An evaluation by a substance abuse professional (“SAP”);
- b. A return-to-duty alcohol test with a result of less than 0.02 BAC; and
- c. If the SAP determines the individual needs assistance in resolving problems with alcohol misuse, the SAP shall:
 - 1) Ensure the individual follows through on any rehabilitation program prescribed by the SAP; and
 - 2) Determine the number and frequency of follow-up tests to which the individual shall be subject.

If an employee, subsequent to returning to duty after a first offense under Section 5.2 of this Policy, again engages in conduct prohibited under Section 5.2, the employee will be removed from duty, and at the option of the District, either terminated or referred to a substance abuse professional for evaluation and treatment as described in Section 5.2 (a)-(c) above.

Section 6. Controlled Substance Testing

6.1 Prohibited Activities

No covered employee shall:

- a. Report for or remain on duty when that duty requires the performance of a safety-sensitive function when the employee uses or possesses any controlled substance. An exception to this rule applies in the case of an employee whose use or possession of a controlled substance is pursuant to the instructions of a physician who has advised the employee that the substance will not adversely affect the employee's ability to safely operate a CMV. The District may require covered employees to notify it of any therapeutic drug use;
- b. Test positive for a controlled substance;
- c. Report for or remain on duty or perform a safety-sensitive function if the employees tests positive for controlled substances; or
- d. Refuse to submit to a controlled substances test required by this Policy, including failure to provide an adequate and unadulterated sample for testing when required or engage in other conduct that clearly obstructs the testing process.

6.2 Required Tests

a. Pre-Employment Testing

Prior to the first time an employee performs a safety-sensitive function for the District, the employee must receive a controlled substance test result indicating a verified negative test result. This test may be conducted by the District during the hiring process or before the employee begins to perform safety-sensitive functions.

b. Post-Accident Testing

A covered employee who is involved in an on-duty accident involving a commercial motor vehicle must undergo a post-accident controlled substance abuse test: 1) the employee was performing a safety-sensitive function with respect to the vehicle and the accident involved the loss of human life; or 2) the employee receives a citation under state or local law for a moving traffic violation arising out of the accident.

The test will be administered as soon as practicable following the accident but under no circumstances later than thirty-two (32) hours following the accident. A covered employee who is subject to post-accident testing must remain available for such testing or he will be deemed to have refused to submit to testing. However, an employee who leaves the accident scene to obtain assistance or necessary medical treatment for the employee or others involved in the accident is

excused from testing until such time as is reasonably necessary to obtain such assistance or treatment.

The results of a urine test for the use of controlled substances conducted by a federal, state, or local office having independent authority to conduct such test may be used by the District in place of its own test as long as the test conforms to applicable federal, state, or local requirements and the test results are obtained by the District.

c. Random Testing

Covered employees will be subject to random, unannounced controlled substance testing scheduled throughout each year. Employees are required to proceed to the test site immediately upon notification of selection for random testing. Each covered employee will have an equal chance of being tested each time selections are made.

d. Reasonable Suspicion Testing

The District will test a covered employee for controlled substance misuse when it has reasonable suspicion to believe the employee has violated any of the prohibitions outlined in Section 6.1 of this Policy. A determination that reasonable suspicion exists to require a controlled substance test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances. The observations must be made by a supervisor or District official who has received at least sixty (60) minutes of training on controlled substance misuse and an additional sixty (60) minutes on controlled substance use. Also, an employee may be directed to undergo reasonable suspicion testing only during, just before, or just after the performance of a safety-sensitive function.

A written record of the observations leading to a controlled substance reasonable suspicion test must be made and signed by the supervisor or District official who made the observations. This record must be made within twenty-four (24) hours of the observed behavior or before the results of the controlled substance test are released, whichever is earlier.

Section 7. Administration of the Controlled Substance Test

7.1 Controlled Substances for Which Employees Will be Tested

The District will test for five controlled substances: marijuana, cocaine, opiates, amphetamines and phencyclidine. Testing will be done by collecting urine specimens from covered employees. The urine specimens collected for the controlled substance tests will not be used to conduct any other test unless specifically authorized by DOT regulations.

7.2 Privacy

The test shall be conducted in location that affords aural and visual privacy to the person being tested. However, where there is reason to believe an employee may alter or substitute the specimen, an employee may be monitored or observed by a collection site person of the same gender as the employee.

7.3 Test Procedures

The employee must provide a urine specimen of at least 45 ml. The specimen will be split into two – a primary specimen and a split specimen. Both specimens will be shipped to a Department of Health and Human Services (DHHS) certified laboratory. If the primary specimen tests positive for one or more of the five controlled substances, the laboratory will perform a second test on the primary specimen. If the second test confirms the positive result, the laboratory will report that result to the District's MRO. Prior to verifying the positive test result to the District, the MRO will make a reasonable effort to contact the employee confidentially to discuss the test result. After discussing the test result with the employee and examining any alternate medical explanations for the result, the MRO shall decide whether to verify the positive test result. If the MRO verifies the test result as positive, the MRO will report the result to the District.

7.4 Notification of Employees

The nature and timing of notification will depend on the type of test involved. Individuals who have undergone pre-employment controlled substances tests may request the test results within sixty (60) days of being notified of the disposition of their employment application. For random, reasonable suspicion, and post-accident controlled substances tests where the employee results were verified positive, the District will notify the employee of the positive result and the controlled substance(s) for which the employee test positive.

When the MRO is unable to contact an employee, the District will make a reasonable effort to contact the individual and instruct him or her to contact the MRO to discuss the test results. If the District is able to contact the employee, the District will immediately notify the MRO that the individual has been notified to contact the MRO within twenty-four (24) hours. The individual has five (5) days after notification from the District to contact the MRO. If the individual fails to do so, the MRO may verify the test as positive. If, however, the District is unable after reasonable effort to contact an employee, the employee may be placed on unpaid medical leave.

7.5 Employee's Right to Testing of Split Specimen

If the test of the primary sample is confirmed positive, the laboratory will hold the split specimen for sixty (60) days from the date on which it received the split specimen. If not informed within the sixty (60) day period by the MRO that the employee has requested a test of the split specimen, the laboratory may discard the split specimen. If the employee requests that the MRO direct a test of the split specimen, the first laboratory is required to ship the unopened split sample to a second DHHS-approved laboratory for testing. The

request must be made within seventy-two (72) hours of when the employee receives notification of a verified positive test result. However, action required by law or this Policy as the result of a verified positive controlled substance test (such as removal from performing a safety-sensitive function) is not stayed pending the result of the split specimen test. If the test of the split sample fails to confirm the presence of a controlled substance, the MRO will cancel the entire test and report the reasons for the cancellation to DOT, the District, and the employee. Whenever an employee has requested testing of a split specimen, the split specimen that was tested at the second laboratory, as well as the primary sample that was confirmed positive by the first laboratory, must be retained by the laboratories for at least one (1) year.

Section 8. Consequences for Violating Prohibitions on Controlled Substances

8.1 Employees Testing Positive for Controlled Substance Use or Violating Section 6.1 Provisions

Covered employees tested under the provisions of this Policy who have a verified positive controlled substance test or who engages in any of the activities prohibited by Section 6.1 of this Policy will be immediately relieved from performing any safety-sensitive functions and terminated from employment with the District.

Job applicants for positions requiring a CDL who refuse to undergo a pre-employment controlled substance test or whose pre-employment controlled substance test indicates a verified positive result will not be hired.

Section 9. Relationship to Districts Employee Assistance Program (EAP)

9.1 Employee Responsibility to Seek Assistance Before Violation of Policy

The District maintains an EAP to help employees who suffer from alcohol or drug abuse and other personal/emotional problems.

It is the responsibility of each employee to seek assistance before alcohol and drug problems lead to disciplinary action. An employee's decision to seek assistance from the EAP before violation of this Policy will not be used as the basis for disciplinary action and will not be used against the employee in any disciplinary proceeding.

Once a violation of this policy occurs, however, subsequently using the EAP on a voluntary basis will not lessen disciplinary action. Similarly, using the EAP will not be a defense to the imposition of disciplinary action where facts proving a violation of this Policy are obtained outside of the EAP.

Section 10. Alcohol and Controlled
Substance Testing Records

10.1 Access to Records

The District will maintain records of its alcohol misuse and controlled substance use prevention program in a secure location with controlled access. Access to these records will be limited to those persons who are entitled to see them under federal regulations or other applicable law.

10.2 Records of Previous Employers

Before the first time a covered employee performs a safety-sensitive function, the employee must consent to allow the District to obtain records on alcohol tests with a result of 0.04 or greater controlled substance test results, and refusals to be tested within the preceding two (2) years which are maintained by the employee's previous employers under DOT regulations. The District will inspect such records within fourteen (14) days after the first time the employee performs a safety-sensitive function and will maintain a written confidential record with respect to each past employer contacted.

If the records reveal the employee had an alcohol test result of 0.04 or greater or had a verified positive controlled substance test or refused to be tested, the employee may not perform a safety-sensitive function until the District has obtained information on the employee's evaluation by a substance abuse professional ("SAP") and return-to-duty testing, and if applicable, the employee's compliance with the SAP's recommendations.

Section 11. Notification of Employer

11.1 Suspension, Revocation, or Cancellation of Driving Privileges

Any covered employee whose license is suspended, revoked, or cancelled, or who is disqualified from operating a CMV in any state or jurisdiction for any period must notify the District of that fact by the end of the business day following the day he receives notification of that fact.

Section 12. Distribution of Policy

12.1 Distribution to Covered Employees

A copy of this Policy and any other educational materials provided by the District explaining the requirements of the DOT alcohol and controlled substance testing requirements will be distributed to each covered employee prior to the start of testing and to each employee subsequently hired or transferred into a position that requires a CDL.

Each covered employee must sign a statement certifying receipt of these materials. The District will keep this signed statement on file.

12.2 Questions Regarding Policy

Any questions regarding this Policy should be directed to the Superintendent.

LABOR MANAGEMENT COMMITTEE GUIDELINES

Purpose

To investigate, study and discuss possible solutions to mutual problems affecting labor-management relations.

Representation

- Association: three (3) representatives, including the Association President
- Board: three (3) representatives, including the Superintendent

Substitutes may be chosen by mutual consent, but it is recognized that a continuity of membership is required. The operating members from the Board and the Association, other than the Superintendent and Association President, will be rotated every twelve (12) months.

Chairing

Responsibility for chairing meetings shall alternate each meeting between the Board and the Association. Each party will determine whether its chair assignment will be permanent or rotate among their members.

Reporting

Topics will be recorded as they are discussed. Any procedures or recommendations developing from these meetings will be communicated to the appropriate parties.

Drafts of minutes of meetings will be refined by one (1) designated representative from each party.

Date and Time of Meetings

Meetings shall be held once a month and they shall be limited to two (2) hours. An agenda shall be submitted forty-eight (48) hours prior to the meetings to both parties. At the first meeting, a specific day and time shall be selected for future meetings. Every attempt shall be made to keep such a schedule, realizing that some flexibility is necessary.

Topics not on the agenda shall not be discussed but rather shall be placed on the following month's agenda. The agenda shall include a brief description of each item to be discussed. Emergency items may be added to the agenda by mutual consent.

Discussion of agenda topics will be alternated, with the party occupying the chair exercising the right to designate the first topic.

General Guides

It is recognized that recommendations growing out of these meetings are not binding.

1. No grievance shall be discussed and no bargaining shall take place.
2. Topics that could lead to grievances may be discussed.
3. Each person wishing to speak shall be recognized by the Chair before speaking.
4. The Chair shall recognize a motion from either party to table a topic for further study.
5. Either party may initiate a request for the Federal Mediation and Conciliation Service for assistance.
6. Each topic shall be discussed fully and action reached before proceeding to another topic. Topics requiring further study may be tabled. Where mutually satisfactory decisions are not reached, the topic shall be cancelled, reverting to its proper place in the labor-management relationship – for instance, the grievance procedure or negotiations.
